ROOSEVELT HEARD BY VAST AUDIENCE AT OXFORD, ENG.

Heartily Cheered by Hearers
When He Delivers His
Last Address.

Some Biological Analogies in
History.

HE IS STILL THE OPTIMIST.

London, June 7.—(United Press)—Theodore Roosevelt today delivered his Oxford lecture on "Biological Analogies in History."

Roosevelt gave his lecture in Magdalen college, part of Oxford university. It is his last European lecture. Fear that the address would be a frost was dispelled by the great audience and his reception was hearty.

After rehearsing the marvelous development and extinction of fauna and species in the different hemispheres, the gradual merging of old types into new, and drawing analogies in history to show that new races are merely the blending of old races and that biologically the new races are as old as the oldest, Mr. Roosevelt considered the rise and fall of nations, referring especially to the remarkable history of the Roman and Dutch people, whose grandeur waned, but left each a nation capable of maintaining its place among the nations, while the types of both disappeared wherever transplanted in their once great colonial possessions in Northern Africa, Asia and America.

Problems of Today.
Coming down to the present, Mr. Roosevelt said:

In the first part of this lecture I drew certain analogies between what had occurred to forms of animal life through the procession of the ages on this planet, and what has occurred and is occurring to the great artificial civilizations which have gradually spread over the world's surface during the thousands of years that have elapsed since cities of temples and palaces first rose beside the Nile and the Euphrates, and the harbors of Minocan Crete bristled with the masts of the Aegean craft. But of course the parallel is true only in the roughest and most general way. Moreover, even between the civilizations of today and the civilizations of ancient times there are differences so profound that we must be cautious in drawing any conclusions for the present based on what has happened in the past. While freely admitting all of our follies and weaknesses of today, it is yet more perversely to refuse to realize the incredible advance that has been made in ethical standards. I do not believe that there is the slightest necessary connection between any weakening of virile force and this advance in the moral standard, this growth of the sense of obligation to one's neighbor and of reluctance to do that neighbor wrong. We need have scant patience with that silly cynicism which insists that kindness of character only accompanies weakness of character. On the contrary, just as in private life many of the men of strongest character are the very men of loftiest and most exalted morality, so I believe that in national life as the ages go by we shall find that the permanent national types will more and more tend towards those in which, while the intellect stands high, character stands higher; in which rugged strength and courage, rugged capacity to resist wrongful aggression by others, will go hand in hand with a lofty scorn of doing wrong to others. This is the type of Timoteo, of Hampden, of Washington and Lincoln. These were as good men, as disinterested and unselfish men, as ever served a state; and they were also as strong men as ever founded or saved a state. Surely such examples prove that there is nothing Utopian in our effort to combine justice and strength in the same nation. The really high civilizations must themselves supply the antidote to the self-indulgence and love of ease which they tend to produce.

Every modern civilized nation has many and terrible problems to solve within its own borders, problems that arise not merely from juxtaposition of poverty and riches, but especially from the self-consciousness of both poverty and riches. Each nation must deal with these matters in its own fashion, and yet the spirit in which the problem is approached must ever be fundamentally the same. It must be a spirit of broad humanity; of brotherly kindness; of acceptance of responsibility, one for each and each for all; and at the same time a spirit as remote as the

Yucatan Indians Revolt Against Rule of Diaz and Unrest is Felt in All Parts of Mexican Republic

President Will Take Field
Himself Since it is Learned
That His Old Enemies Are
Leading Insurgents.

Mexico City, June 7.—President Diaz today decided to personally direct the attempt to crush the revolt of Maya Indians in Yucatan, following advice that the anti-Diaz faction assisted the Indians, and they are preparing to declare open war against the government.

Gunboats are en route to Yucatan. Insurgents and Indians are prepared to resist the government forces. Every official in Valladolid is reported killed. Reports are that 10,000 Indians are on the warpath and many are massacred.

Insurgents and Indians are armed with modern rifles. A great amount of ammunition is said to have been seized from the government arsenal. Maximilian Ramirez Bonilla, a former rebel leader, and Col. Victor Montenegro are heading the revolt.

Despatches from all parts of the republic today indicated that a feeling of unrest is spreading. It is feared the government is facing a revolt such as it experienced in 1840 when the province nearly won its independence.

Yucatan is where slavery is said to exist in its most inhuman form.

His Ankle Sprained.
Mr. J. B. Munsey is suffering with a badly sprained left ankle as a result of catching it in a barber chair yesterday.

Another Slashing Case.

The police are looking for two white men, one a victim of Jack the Slasher and Jack himself. It was reported that two men quarreled in Fisherville about 11:30 o'clock last night and one was cut by the other. Patrolman Baldrige, who was rushing after the cuttler, is said to have been struck by the antagonist, who escaped. The police have been unable to find either party figuring in the midnight affair.

KELLNER INQUEST IS POSTPONED ONE DAY

Louisville, Ky., June 7.—(Special.)—The inquest in the Kellner case was postponed until tomorrow on account of the absence of witnesses and the fact that Chemist Robbins has not finished his work.

New Thought Cult is Blamed For Divorce

Constant reading of books on the New Thought is alleged as one of the reasons why his wife sued him for divorce in the answer of Nathan William Eades, a wealthy coal miner. Mr. Eades denies emphatically all the allegations of his wife, Woodson Coles Eades, that he treated her cruelly and failed to provide for her properly. She is suing for a divorce and \$50,000 alimony.

In his answer Mr. Eades says that he provided a comfortable home for his family in Paducah, but owing to his wife's disagreeing with his children, he removed to Kuttawa, where he has a large home, and now is ready to receive his wife and forgive her. After removing to Kuttawa he recited in his petition: "She became morose and took on a course of reading that had the effect of adding fuel to her already expressed dislike to him; that she read books by gifted authors that treated lightly the marriage vows and taught the doctrine of affinity and congeniality and justified divorces. She continued to make his home a most uncomfortable place by reason of her ungovernable temper and queer notions, and her mind became poisoned by this reading and other matters."

Mr. Eades says he allowed her a sufficient amount of money for her expenses, and at present in the First National bank is a deposit in

STOCK MARKET IS BOLSTERED UP BY WASHINGTON NEWS

Agreement of Railroad Men
to Await Action of Con-
gress Beneficial.

House is in Harmonious
Humor, Too.

SPECIAL MESSAGE IS SENT.

Washington, June 7.—Recommendation that the provisions of the railroad bill, giving the interstate commerce commission power to suspend increased railroad rates, pending investigation be made effective on passage, President Taft sent a special message to congress today. He outlined the situation of the railway rate dispute. The message was prepared after a conference with Representative Mann and Senator Crane.

The recent effort by a large number of railroad companies to increase freight rates on interstate transportation caused me to direct the attorney general to bring suit to secure from the United States court of Missouri an injunction, restraining the operation of such increases.

This action led to a conference with representatives of the railroads en masse, and the agreement by each of them to withdraw the proposed increase in rates, and not file any further attempts to increase until after the enactment into law of the pending bill to amend the interstate commerce act or the adjournment of congress, with the further understanding that upon the enactment of such, each would submit to the determination of the commission, "It is my hope that all other railroad companies will take like action. In order that each may have the benefit of a speedy determination whether the increase is justifiable, a provision should be made by congress to vest the interstate commerce commission with jurisdiction."

Referring to the senate bill, providing that it will be effective 60 days from its passage, he said, "This provision, if allowed to remain, will enable the carriers between the time of the enactment of the bill and the time it becomes effective to file increases on rates, becoming effective in 30 days, to remain in effect during the pendency of proceedings to review them. If it is effective immediately, the rates will not be increased during the investigation. Therefore, I recommend that the latter provision be modified, providing that at least the senate amendment to the senate bill, which is the section authorizing the commission to suspend the going into effect of the increase in rates until after due investigation, shall take effect immediately on the passage of the act."

Washington, June 7.—Facing a railroad conference of more importance than that of yesterday's President Taft this morning was studying the eastern rate situation. He will meet the presidents of eastern railroads this afternoon. Some are quoted as saying they favor an agreement similar to that made yesterday by the western roads. Today's conference is of greater scope than yesterday's. On its result depends the attitude of the great eastern lines and probably other lines of the country. It is expected by the administration that there will be little difficulty in getting an agreement.

Notwithstanding the agreement President Taft made with 25 mid-western railroads to postpone action in the proposed increase of rates but a new light on the situation in the house. The senate bill is worded so it couldn't become effective for 60 days from its passage. At least 25 insurgents, according to Nelson, of Wisconsin, are ready to vote for the acceptance of the senate bill rather than trust it to the hands of a conference committee. Democrats, it is believed, will favor the passage.

Administration men urged on the insurgents the necessity of joining with the administration in an effort to clear the railroad situation. Democrats are inclined to aid the plan of the administration and take the bill to conference, but the insurgents say they are only "campaigning" and would vote for the senate measure in a pinch.

Word has been received that R. B. Hicks, city license inspector, is improving at Martinsville, Ind., where he went to take treatment for neuritis. It will be some time before he will be able to return to Paducah and assume charge of his duties, as it was only recently that the springs benefited him.

W. A. Thompson Claim for Keeping County Poor Farm After Action to Eject Him Disallowed by County

Fiscal Court Decides to Spend
\$13,000 Improving Roads—
Much Routine Business Before Magistrates.

Soon after fiscal court convened this morning at the court house for the regular June meeting, the bill of W. A. Thompson, deposed keeper of the county almshouse, was rejected by the magistrates. The refusal of the county to pay his bill makes it necessary for Thompson to take the initiative and sue the court for his money. The bill was for \$287.20 and was omitted from the report of the finance committee. Magistrate Kuykendall made the motion that it be allowed and it was seconded by Magistrate Bennett. On roll call it was defeated with the vote of County Judge Barkley. The vote stood: Ayes—Magistrates Bennett, Bleich and Kuykendall; nays—Magistrates Emery, Housholder, Spitzer, and Walston and County Judge Barkley. Magistrate Ross declined to vote.

Graveling Roads.
Graveling of the county roads was taken up this afternoon by the magistrates. The road committee made its report and recommended that owing to the financial condition of the county, \$13,000 be expended for improved roads this year. It was the intention to spend more, but the county is rather limited. The committee favored the graveling of 24 1/2 miles this year. The roads recommended were: Ogden Landing road, 10 miles, at a cost of \$6,000; Cairo road, four miles, at a cost of \$2,000; Lovelaceville and New Hope road, four miles, at a cost of \$2,000; Hinkleville road, four miles, at a cost of \$2,000; and the said road, two and one-half miles, at a cost of \$1,000.

The committee recommended that one of the spans of the old Clark's river bridge be erected over Fortson creek on the Woodville road. The members reported that the second span should be placed across the Massac creek on the Lovelaceville road, and a span 70 feet long over the Massac creek on the Lovelaceville road.

Magistrate Emery said that the bills of the Paducah Water company for furnishing water for the public fountains in Arcadia and Tyler were excessive, he thought. The bill for each fountain has averaged about \$12 for each month, and he said when installed the company assured the magistrates that the cost would not be over \$6 for each fountain. His motion to refer the cost to the county road supervisor for an investigation was passed.

Gus G. Singleton, county court clerk, reported the collection of \$61.40 back taxes. After the fees were allowed the county received \$16.10, which was ordered placed to the credit of the county.

Thank Barkley and Clay.

At the suggestion of Magistrate Emery a vote of thanks was extended to County Judge Barkley, who was assisted by County Attorney Clay for their success in obtaining a verdict for the county in the suit against the surety of Hiram Smedley for shortage.

The following paper accounts were raised: Mrs. Rudolph from \$12 to \$15; Edna Sexton from \$6 to \$10 a month; W. I. Stanley from \$9 to \$10 a month. The county will pay \$12.50 of the burial expenses of Charles Trice, a colored pauper. The application of "Ginger," an injured jockey, for assistance from the county was referred to Magistrate Walston for an investigation.

Claims Allowed.

The following bills were allowed: County levy fund—R. D. Clements & company, \$7.75; Covington Bros. & company, \$5.80; Standard Oil company, \$13.65; Shelton, Bros., \$39.75; Biederman Grocery company, \$1; Arthur Murray, \$3.50; East Tennessee Telephone company, \$9.50; Paducah Firearms company, \$2.50; Paducah Light and Power company, \$8.15; county attorney's office rent, \$12.50; Hoffman & Hannin, \$3.60; Hank & Davis, \$1; Henry Mammen, \$25.20; J. W. Luttrell, \$30; Walter Cartee, \$1.50; J. I. Holcomb, \$11.49; L. W. Henneberger & company, 50 cents; G. W. Temple, Jr., \$10; C. B. Crossland, \$10; Tornado Manufacturing company, \$12.50; J. M. Byrd, sympathy with the London market. The market showed much excitement. The initial prices ranged from two to four points higher.

FARMERS' UNION TO MEET AT CENTRAL CITY NEXT MONTH

Louisville Loses Out in Fight
to Entertain State Con-
vention.

Muhlenburg Town is Best
Location.

NATIONAL PRESIDENT THERE.

Central City has been selected as the place for the annual state meeting of the Farmers' Union, which will be held July 26, 27 and 28. The decision was reached after several weeks were spent in sifting down the best inducements offered by cities over the state for the meeting. Louisville made a strong bid for the meeting, and was in the race up to the last. This year, it is anticipated that the meeting will be the most successful ever held in Kentucky as the membership of the Farmers' Union has increased rapidly.

At the state meeting several thousand farmers are expected to be present, and for this reason Central City was selected because of its location. President Barnett and other officers are expected to deliver addresses. State Secretary R. L. Barnett, who has led the work in Kentucky, said, "Louisville made a strong bid for the meeting and offered every inducement that Central City did, but the central location of Central City secured the meeting. I expect the meeting to be a splendid success." Last year the meeting was held at Princeton, while the 1908 session was held in Paducah.

This morning Mr. Barnett left for Brownsville, where he will be held a county union meeting of the members of Edmonson county tomorrow. Saturday a county union meeting will be held at Dawson Springs.

**PASTORS' ASSOCIATION TO
MEET AT WALLACE PARK.**

Only a short meeting was held this morning by the Paducah Pastors' association at the Broadway Methodist church and regular routine business transacted. It was decided to hold the meeting next month at Wallace park, when the Rev. W. A. Fite will give his talk on the subject of "The Secrets of Effective Preaching." The ministers will be accompanied by their families and a basket dinner will be spread. Several pastors reported that steps are being made to purchase gymnasium apparatus and pool tables, but nothing definite was done by the association this morning along this line. It is expected that an athletic league will be organized before many more weeks.

**ERNEST PEACH SET FREE
ON OWN RECOGNIZANCE.**

John Gibson, colored, was held over to the circuit court grand jury under \$300 bond in police court this morning on a charge of breaking into the Paducah Vinegar works on South Second street last Tuesday night. Ernest Peach, a 16 year old white boy, held on suspicion as being an accomplice, was released on his own recognizance to testify before the grand jury at the September term of court. The Charity club and Chief Singery will find work for young Peach here, and he will be given a home until the date for the trial. He claims he has only a father living at Hartford, Ky. Gibson sails from West Virginia.

Other cases: Breach of peace—Pauline Chenault, sentenced to 50 days in county jail; WH Coffey, fined \$30. Breach of ordinance—Marland White, dismissed.

CAPTAIN PARTEE GETS THE DIAMOND AT LAST

That perplexing diamond suit was settled this morning in circuit court when Circuit Judge William Reed decided that the disputed stone was the missing gem of Captain H. C. Partee. It probably will be the end of the suit, as the amount involved is too small to take to the appellate court, although A. W. Vance probably will make a motion for a new trial. The proof in the suit was conflicting, and it was anything but an easy task to render a decision, but Judge Reed concluded the evidence pointed strongly to the fact that the stone filled the description of the diamond missed by Captain Partee, although the defense introduced evidence to show that the stone was purchased in St. Louis. Partee was awarded his costs for the trials through the magisterial, quarterly and circuit courts.

Naples, June 6.—King Manuel left today for the scene of the earthquake last night, in which probably 200 were killed and \$2,000,000 worth of property was destroyed at Avellino, 500 miles distant. The quake extended through the neighboring provinces. Details are meagre.

The large number of casualties is due to the fact that many were in bed when the quake occurred. Troops are being rushed to the scene.

BACCALAUREATE SERMON IS PREACHED TO CLASS.

Literary Societies Will Give Their Program at the Baptist Church.

Sunday afternoon a large crowd was present at the Washington Street Baptist church to witness the baccalaureate exercises of the graduating class of Lincoln High school (colored).

Of 53 local alumni about 40 were present and after the service met and organized with Prentice Rucker, president; Lorena Hamilton, vice president; Elsie Newbern, secretary; Fannie Williams, assistant; Dr. C. W. Dawson, treasurer. The Rev. V. S. Smith took a very appropriate text: "Go through, go through the gates; prepare ye the way of the people; cast up, cast up the highway; gather out the stones; lift up a standard for the people." (Isa. 62:10).

He said that the graduates were to be the leaders of the people, and they ought to be true leaders. "You have diplomas now; but experience is ahead of you. You must climb the ladder of life round by round, and build as you go, omitting nothing essential to qualify you for leadership. Grasp every opportunity. Make opportunities for yourself and for others. The world is calling for men and women who can 'deliver the goods.' The people are expect-

ing something from you. There is a place in the world for each of you. The people are not expecting you to ally yourselves with the lower classes. Knock off the rough corners of your character; avoid selfishness, cynicism, false pride. Education will enable you to see in the right light things you have been looking at in the wrong light. Work in the churches. Set up a standard for your people; the best standard you can set up is a good upright life."

The Washington street church choir rendered very excellent music under the direction of Dr. C. A. Isbell. This evening at 8 o'clock at the Seventh street Baptist church the Olympian and Sodallian Literary societies will hold their annual meeting. A fine program has been arranged. Dr. S. H. George will address the societies. No admission fee.

Thursday evening at 8 o'clock the class day exercises will take place at Burk's chapel, Seventh and Ohio streets. These exercises will also be free.

SCARED INTO SOUND HEALTH
Mr. B. F. Kelley, Springfield, Ill., writes: "A year ago I began to be troubled with my kidneys and bladder, which grew worse until I became alarmed at my condition. I suffered also with dull heavy headaches and the action of my bladder was annoying and painful. I read of Foley Kidney Pills and after taking them a few weeks the headaches left me, the action of my bladder was again normal, and I was free of all distress."—Gilbert's Drug Store.

"OUR PAPA IS RID OF HIS BACKACHE"

This is happiness, isn't it? Rid of backache, rid of rheumatic pains, soreness, stiffness, rid of weakness. This father can enjoy life. You can, too. You can have strong, healthy kidneys and bladder. You can sleep soundly all night without having to get up to pass a few drops of seething urine. You can loose yourself from the clutches of rheumatism, too. You can be just as happy, just as healthy, just as strong, as jolly and free from pain as he is.

If you really want to get well, want to get well quickly, want to sleep good and get up refreshed, if you want to be free from the danger of Bright's disease and diabetes, which are absolutely incurable and come from diseased kidneys and bladder, if you consider that all this is worth fifty cents, and are willing to spend that small sum, strong kidneys, strong bladder, freedom from rheumatism and freedom from backache are yours. There is no risk, relief is certain. You have but to take a few doses of Backache Globes to see for yourself. Remember the name Backache Globes. You will be mighty glad tomorrow when you see how much better you are.

NASHVILLE, TENN.

JUNE 19 to 26

ONLY ONE WEEK NOW

till the SOUTH'S GREATEST and MOST UNUSUAL SHOW and its ONLY MILITARY EVENT, which is the U. S. REGULAR ARMY TOURNAMENT, that will be held in NASHVILLE, TENN., on the great STATE FAIR GROUNDS, for eight days, JUNE 19th to 26th.

2,000 U. S. Army Troops

will participate in this Monster Military Event—Infantry—Cavalry—Artillery—Engineer Corps—Hospital Corps and Signal Corps—all the Fighting, Aiding and Rescuing branches of our Nation's Army camped on a beautiful plain of 150 acres. Think of these 2,000 MEN, nearly 1,000 HORSES—every man and horse a TRAINED EXPERT—all in ACTUAL BATTLE MANEUVERS at one and the same time, and all made intensely realistic by the accompaniment of CANNONS ROARING, Cavalry CHARGING—Infantry FIRING and Rescuing by Hospital Men. IT'S WONDERFUL—all yours to see at the TOURNAMENT, which may NEVER be repeated in this section of the United States.

DAY and NIGHT PERFORMANCES

In addition to an extensive program for EACH DAY, special entertainment of the most novel kind and character has been planned for EVERY NIGHT. Thousands of electric lights will be used on the grounds at night, and the most brilliant spectacle of a Military Nature will thrill the THOUSANDS ATTENDING. Other SENSATIONAL FEATURES are ROMAN RACES by Mounted Troops—HURDLE JUMPING by Single Horsemen—PYRAMID RIDING by Trained Groups—RUSH BRIDGE BUILDING by Engineer Corps—BATTLE MESSAGES by WIRELESS TELEGRAPHY and SIGNALING by HELIOGRAPHS.

Airship Flights Daily

Probably the most spectacular of all attractions will be the AIRSHIP FLIGHTS, which are a part of the daily program, and will be made by the machine which won the Ten Thousand Dollar long distance prize record. This Airship will race with an Automobile—fire from the air at Army on the ground and INVITE VISITORS TO TAKE A FLIGHT.

RESOLUTIONS

City of Paducah, Ky., April 18. Member Hannin, of the Board of Councilmen, offered the following motion:

Be it resolved, That the public be granted the privilege of purchasing lots in Oak Grove cemetery and addition, upon the following conditions:

First, That said applicant shall pay to the treasurer of the city of Paducah the sum of \$9.00 on presenting a card specifying lot number, block number and complete description of said lot as furnished by the sexton of said Oak Grove cemetery and addition. Second, Said applicant agrees to waive all ownership on said lot and does upon signing form made and printed for said purpose, agree to allow and does agree to the removal of body or bodies that have been interred on said lot, by sexton of Oak Grove cemetery and addition, if same is not paid for in 12 months. Third, The said applicant or applicants do hereby agree to release all claims on said lot, provided that said applicant has not completed the payment of said lot in the course of 12 months after date of application.

Approved: AL M. FOREMAN, President Board of Councilmen. Attest, June 1, 1910. MAURICE M'INTYRE, City Clerk.

Approved: ED D. HANNAN, President Board of Aldermen. Attest, June 1, 1910. JAMES P. SMITH, Mayor.

Marion Manager Returns. John Hollan, manager of the Marion, Ill., league team, returned to Marion yesterday afternoon. While in Paducah Hollan secured the signatures of some of the fastest players in this vicinity for a tryout with the league team, which will enter the Kitty June 29. Hollan was in Brookport Sunday and secured several old league players for his team.

Approved: AL M. FOREMAN, President Board of Councilmen. Attest, June 1, 1910. ED D. HANNAN, President Board of Aldermen. Attest, June 1, 1910. MAURICE M'INTYRE, City Clerk.

Free Remedy For Weak Bowels

There are two forms of bodily cleanliness, the external and the internal. The one is for your pride in yourself; the other for your pride in health. Both are important, but the latter is more important in the long run in the internal cleanliness.

This is one point that all should watch about their body—the cleanliness of the bowels. Keep them clean and free from obstructions. To do this you must have one or two movements of the bowels each twenty-four hours. If your system does not do this naturally, in the process of eating and drinking, then you must obtain aid of some kind. After finding out that cathartics, salts and such things relieve you for a day, but bind you up worse than ever the next day, then try a simpler and more natural remedy like Dr. Caldwell's Syrup Pepsin.

For the skeptical the best way to begin is to send your name and address to Dr. Caldwell for a free sample bottle. Use it as directed and if it convinces you that a brief continuance of its use will relieve you permanently—that it will train the stomach and bowels muscles to again work naturally at certain hours—then buy it of your druggist at fifty cents and one dollar a bottle, just as so many others are doing. They began with a sample bottle, then bought a fifty cent bottle, and now, fully convinced of its merits, they buy the one dollar family size. All the members of the family can use it down to the very youngest.

A brief use of this grand laxative tonic will cure constipation in its worst form. Indigestion, liver trouble, sick headache, sour stomach and such ailments and keep you in continuous good health at a very small cost. Such is the experience of many families like that of Mrs. Oscar Fleener, Unionville, Ind. J. P. Dandel, Saron, Tex., and hundreds of others that could be named.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 507 Caldwell building, Monticello, Ill.

ILLINOIS CENTRAL CHARGES FRAUD

CLAIMS COMPANY WAS CHEATED OUT OF \$2,000,000.

Four Former Officials Charged With Defrauding Company on Repair Work.

CONCERNS GOT OVERCHARGES

Chicago, June 7.—Charging that it had been defrauded out of about \$2,000,000 on repair work in a period of four years, the Illinois Central Railroad company filed suit for an accounting against four of its former officials in the circuit court here. The bill, which alleges conspiracy to defraud, names the following:

O. S. Keith, former superintendent of transportation; Jose E. Buckner, former assistant superintendent of the machinery department; William Renshaw, former assistant superintendent of machinery department; John M. Taylor, former general store keeper.

The railroad then declares that the following concerns profited in the alleged overcharges on repair work in the following amounts:

American Car and Equipment company, \$100,000.
Blue Island Equipment company, \$400,000.

Aosterman Manufacturing company, \$750,000.

Memphis Car company, \$300,000.
International Car company, \$200,000.

The railroad also filed suits for an accounting against the West Pullman Car company, and the American Car and Equipment company.

The filing of the suits follows a month's investigation by the railroad and numerous rumors of an alleged graft "ring" in the Illinois Central.

The bill against the four former

NO REASON FOR PIMPLES

New Healing Agent Causes Them to Disappear.

The dispensers of poslam, the new skin discovery, ask that notice be given that no one is urged to purchase it without first obtaining the sample package, which will be sent free to any one who writes to the Emergency Laboratories, 32 West Twenty-fifth street, New York. This is usually enough to clear the complexion and to rid the face of pimples. Every one who has tried poslam knows that the 50-cent box, on sale at Gilbert's and R. W. Walker & Co.'s as well as all other drug stores, contains sufficient for the worst cases of eczema, where the surface affected is not too large. The itching ceases on first application. It will also cure acne, tetter, blotches, scaly scalp, hives, barbers' and every other form of itch, including itching feet. Being flesh-colored and containing no grease, the presence of poslam on exposed surfaces, such as the face and hands is not perceptible. Water and soap cannot be used in connection with it, as these irritate and prolong skin troubles, sometimes even causing them.

officials alleges that the men entered a conspiracy in June, 1906, and that up to April, 1910, the railroad had been defrauded out of nearly \$2,000,000. The defendants are alleged to have represented to the corporation that the company's repair work could be done more cheaply by independent concerns than at the railroad's own shops. When contracts were given to certain independent concerns, the bill charges, the railroad company began paying a long series of overcharges, from which certain superintendents are declared to have secured thousands of dollars.

PRIMARIES ARE TO BE HELD TODAY

INTEREST CENTERS IN THE CONTESTS IN IOWA.

Many "Progressives" Have Opposition for Congressional Nomination.

FIGHT ON IN SOUTH DAKOTA.

Des Moines, Ia., June 7.—Iowa at today's primaries will go on record. A full state ticket will be nominated by the Democrats and Republicans, and selections made to contest the representation in the lower house at Washington.

The following candidates, styling themselves "progressives," will have opposition for the Republican nominations in the congressional districts:

Charles Grill, in the Second district, Two Democrats seek the nomination of their party.

Charles E. Pickett, Third district. Two Democrats seek the nomination of their party.

Gilbert N. Haughey, Fourth, will be opposed next fall by C. S. Harker, Democrat.

N. E. Kendall, Sixth, will be opposed by Daniel W. Hamilton, Demo-

crat, and W. C. Minick, Socialist. Elbert H. Hubbard, Eleventh. The Democrats have made no nomination but may do so by petition.

This is six of Iowa's eleven districts where the Republican candidates have no opposition within their own party.

In the First, Seventh, Eighth and Ninth districts, the Republicans have contests between the so-called "stand patters" or "stalwarts" and the "progressives." In each of these districts two Democrats also seek the nomination of their party. In the Tenth Congressman Frank P. Woods, unqualified Progressive, is opposed by Lewis H. Mayne, whom Taft refused to re-appoint postmaster at Emmetsburg. Here the Democrats have selected no nominee, but later they may do so by petition.

The congressional candidates are modest in their predictions. In the gubernatorial fight governor B. F. Carroll and Warren C. Garst claim a majority of from 25,000 to 40,000, according to the size of the vote, 15,000 being considered the maximum.

ANOTHER WRECK

FOX RUN SCENE OF SECOND I. C. SMASH UP.

Seven Cars of Train No. 186 Are Derailed—Passengers Are Delayed.

Another wreck on the Illinois Central railroad occurred last night at Fox Run, which is near Dawson Springs, when seven cars of freight train, No. 186, were derailed. The Paducah wrecker was called out, but it was not until early this morning that the main line was cleared. Fast passenger train, No. 103, due in Paducah at 3:52 o'clock, did not arrive this morning until 7:30 o'clock, while train, No. 104, was delayed in reaching Louisville. Nobody was injured in the derailment.

Freight business with the railroads is heavy now, and all of the equipment is required to keep the trans-

Daily Thought.

"Keep your fears to yourself and
share your courage with others."

We cannot understand Chancellor
Day's aversion to Benzine buggies.

Edna Goodrich has left Nat Good-
win, but she leaves him a conjunc-
tion added to her appellations. She
is now Miss Edna Good-and-rich.

Fearly forgot to take a moving
picture machine with him to the
north pole, and another expedition
has been organized to go after the
thing of principal importance.

We are inclined to doubt Mayor
Head's sagacity in considering the
office of mayor of Louisville as a
stepping stone to the governorship.
Louisville politicians have ever been
under suspicion in the rural sections
of the state, and never more so
than at this moment.

We might paraphrase the words
of the great poet and say:
All the world's a school,
And all the men and women merely
pupils.

This is the season of the year
when thousands of youths are bid-
ding farewell to their course of in-
struction, to go into the world and
—enter upon another course of in-
structions. Not the least benefit im-
parted to the youthful mind in a
school properly conducted is the
student attitude. Among the first
things we must learn, is how to ac-
quire knowledge and how to assim-
ilate it. The person who goes
through life ever learning and ever
profiting by what he learns, is the
person who in the emergency has
the exact knowledge the world re-
quires. Religion teaches us that this
life itself is but a preparation and
development of capacity for life in
another world; and the ages teach
the truth that graduation from one
course is but the commencement of
the next.

TALK ALL YOU WISH TO.

"This is a free country," admits
our morning contemporary, "and the
right to talk is a blessing given every
individual." Even a deaf and dumb
person, you see, can talk on his fin-
gers. But our contemporary goes no
further than that. Politically it has
got beyond moulding public opinion,
and supercedes it with modern jour-
nalistic enterprise. Hereafter the
midnight oil need not be burned in
Al Foreman's office in the Brook-
hill building. The party slate will be
made up in the old fire station build-
ing on North Fourth street.

In the following paragraph the
progressive organ of unfettered De-
mocracy emancipates "the rank and
file" of its party from the worries
and obligations of citizenship:

"As the matter of electing the
chosen officials selected on the Demo-
cratic ticket lies largely with this
paper, and as their conduct after
election, will reflect for good or evil
on the News-Democrat, it is but
natural that this paper should have a
hand in the selection of the material
composing all Democratic tickets."

We do not take this to mean that
stockholders, management, or
shareholders related by consanguinity
to the business office of the

the councilman ticket to the party
this summer; but it is a broad-mind-
ed, altruistic newspaper policy, which
contemplates lifting from the griev-
ously burdened shoulders of the com-
mon people their load of responsibility;
just as the progressive dailies
in our great cities distribute free ice
to the poor, establish "fresh air
funds" and tuberculosis colonies.

Even Joe Cannon could not call
this presumption.

Meanwhile, however, don't forget,
"this is a free country and the right
to talk is a blessing given every in-
dividual."

THE FIGHT ON IN TENNESSEE.

The tip is out that President Taft
advised Tennessee Republicans to
support the independent Democratic
nominations against the candidates of
the Patterson ring. The tip is not
improbable, recalling the fact that
Mr. Taft entered his own state, while
he was yet a candidate for the Re-
publican nomination, and advised
the people of his home city to vote
the Democratic ticket in opposition
to the Republican ring. No one can
read Mr. Taft's Michigan speech, re-
citing the progressive policies of the
Republican party through more than
a quarter of a century, and not say
he is a party man; yet he sets us a
good example in placing patriotism
above partisanship in these two in-
stances. Mr. Taft regards parties as
instrumentalities of government; he
believes in an organization of the leg-
islative department so as to make the
power of the majority effective, and
opposes such loose rules as will per-
mit the minority to block the ma-
jority program. But he does not,
therefore, believe in a gag rule for
party organization, such as to pre-
vent a free expression of the will of
the people, or the subjection of the
individual to the domination of party
organization.

RESULT IN TENNESSEE.

Commenting on the primary of
Saturday, the Nashville Banner
says:

"The total vote in the primary
election Saturday will not exceed
30,000. Owing to the storm that
prevailed over a considerable por-
tion of the state Saturday night the
returns are yet incomplete, but the
administration managers are not
estimating the vote cast above 30,-
000, and it will probably be under
rather than above those figures.

"No one who is disposed to be at
all fair-minded, will insist that this
vote represents the total vote to be
cast for the administration candi-
dates in the August and November
elections. There were several ap-
parent reasons why the vote was
much lighter than the ticket nomi-
nated will receive in the general
elections. A part of the general ad-
ministration ticket had no opposi-
tion in the primary and was there-
fore held out as unnecessary to be
submitted and the contests in the
primary were not sufficiently general
and emphatic to arouse great in-
terest. Besides, there was a sur-
prising lack of the usual election
drumming and other methods adopt-
ed to bring out voters. But with
all these facts considered, the pri-
mary result must be regarded as
discouraging to the administration
cause. There has been much politi-
cal talk and some incidents of an
exciting nature since this primary
was promulgated, but the primary
arrangements seemed to be unduly
belated and the apathy and neglect
that characterized the election can
not be taken as auspicious of en-
thusiasm and victory later on.

"The total vote in Tennessee in
the gubernatorial election of 1908
was 248,368. Of these 133,913 were
for Patterson and 113,033 for Till-
man. If the vote cast in the pri-
mary Saturday be multiplied by
three it will still be 23,033 short of
Mr. Tillman's vote two years ago.

"The year 1908 was a presidential
year when the vote for governor is
usually larger than it is in the in-
termediary biennial elections such
as will occur this year. In 1906
the gubernatorial vote stood: Pat-
terson 111,776, Evans 92,807. Even
Mr. Evans' vote that year was more
than three times as large as the
vote in the primary Saturday and
it is known that a large portion of
the Brownlow faction in the Republi-
can party failed to support Evans.

"There will be much speculation,
of course, concerning the relative
strength of the administration party
in the coming general elections, but
Saturday's primary and its results,
in view of the fact that the primary
afforded the opportunity for the
manifestations of party enthusiasm
will be generally taken as an in-
dication of weakness."

ABOUT PEOPLE WE KNOW

Lucky to be alive and with count-
less harrowing tales to tell, Colonel
Godfrey Reese Fowler, who recently
returned from Nicaragua, passed
through Paducah yesterday afternoon
on his way to his home in Palestine,
Tex. Col. Fowler was the guest of
his cousin, Mr. Saunders A. Fowler,
and was a distinguished caller to
many friends here. Col. Fowler ar-
rived from Washington, D. C., where
he reported to the United States gov-
ernment and was released of his com-
mission. He bore the distinction of
being the youngest captain in the
United States army while in service
in the insurgent army at Nicaragua.
By the interference of the United
States authorities Colonel Fowler
was saved from death, as his entire
forces had been killed and he had
been condemned to death. He was
exchanged to the federal authorities
and sailed for San Francisco on

board the warship San Francisco.
Leaving there, he went directly to
Washington and is now en route
home to reside.

Three Paducah boys will be gradu-
ated from eastern colleges this
month. Mr. John Palmer will be
graduated from Andover academy,
Massachusetts, June 15, while Messrs
Donald and Russell Palmer will be
graduated from Dartmouth, Hanover,
N. H., June 29. All are the popular
sons of Mr. and Mrs. Earl Palmer,

will attend. Mr. Palmer leaves
tonight for Louisville to attend the
annual meeting of the National Har-
wood association. He will be joined
there Friday by Mrs. Palmer and
they will go to Andover and thence
to Hanover. After the commence-
ment exercises at Hanover Mr. Pal-
mer and family will go to their sum-
mer home at Omens, Mich.

ROOSEVELT

(Continued From Page One.)

poles from every form of weakness
and sentimentality. As in war to
pardon the coward is to do cruel
wrong to the brave man whose life
his cowardice jeopardizes, so in
civil affairs it is revolting to every
principle of justice to give to the
lazy, the vicious, or even the feeble
and dull-witted, a reward which is
really the robbery of what braver,
wiser, abler men have earned. The
only effective way to help any man
is to help him to help himself; and
the worst lesson to teach him is that
he can be permanently helped at the
expense of some one else. True lib-
erty shows itself to best advantage
in protecting the rights of others,
and especially of minorities. Privi-
lege should not be tolerated because
it is to the advantage of a minority,
nor yet because it is to the advan-
tage of a majority. No doctrinaire
theories of vested rights or freedom
of contract can stand in the way of
our cutting out abuses from the
body politic. Just as little can we
afford to follow the doctrinaires of
an impossible and incidentally of
a highly undesirable—social revolution
which, in destroying individual
rights (including property rights)
and the family, would destroy the
two chief agents in the advance of
mankind, and the two chief reasons
why either the advance or the pre-
servation of mankind is worth while.
It is an evil and a dreadful thing to
be callous to sorrow and suffering,
and blind to our duty to do all things
possible for the betterment of social
conditions. But it is an unspeakably
foolish thing to strive for this bet-
terment by means so destructive that
they would leave no social condi-
tions to better. In dealing with all
these social problems, with the in-
timate relations of the family, with
wealth in private use and business
use, with labor, with poverty, the
one prime necessity is to remember
that, though hardness of heart is a
great evil, it is no greater an evil
than softness of head.

Colonial Government.

But in addition to these prob-
lems the most intimate and impor-
tant of all which to a larger or less
degree affect all the modern nations
somewhat alike, we of the great
nations that have expanded, that are
now in complicated relations with
one another and with alien races,
have special problems and specific
duties of our own. You belong to
a nation which possesses the great-
est empire upon which the sun has
ever shone. I belong to a nation
which is trying, on a scale hitherto
unexampled, to work out the prob-
lems of government for, of, and by
the people, while at the same time
doing the international duty of a
great power. But there are certain
problems which both of us have to
solve, and as to which our standards
should be the same. The English-
man, the man of the British Isles,
in his various homes across the seas,
and the American, both at home and
abroad, are brought into contact
with utterly alien peoples, some with
a civilization more ancient than our
own, others still in, or having but
recently arisen from, the barbarism
which our people left behind ages
ago. The problems that arise are of
well-nigh inconceivable difficulty.
They cannot be solved by the foolish
sentimentality of stay-at-home peo-
ple, with little patent recipes, and
these cut-and-dried theories of the
political nursery, which have such
limited applicability amid the crash

KEEP THE BOWELS ACTIVE.

No one can keep well with a lot of
impurities blocked up in the system.
The blood must have fresh material
from which to draw its food—not a
poisonous mass of waste matter.

See that the bowels are kept ac-
tive and you need never feel ill or
be liable to disease. The pleasant
way—the gentle yet firm way—to
keep sluggish bowels in good order
is to take Dr. Edwards' little sugar
coated Olive Tablets. Dr. Edwards
put fifteen years of experience into
these tablets. They cure torpid
liver, bad breath, pimples and purge
the blood of all impurities. The
Olive Oil in them soothes and heals
wonderfully. All druggists sell them
in 10 and 25 cent packages—to fit
the vest pocket.

Try them—today. The Olive Tab-

of elemental forces. Neither can
they be solved by the raw brutality
of the men who, whether at home
or on the rough frontier of civiliza-
tion, adopt might as the only stand-
ard of right in dealing with other
men, and treat alien races only as
subjects for exploitation.

No hard and fast rule can be
drawn as applying to all alien races,
because they differ from one another
far more widely than some of them
differ from us. But there are one
or two rules which must not be
forgotten. In the long run, there
can be no justification for one race
managing or controlling another un-
less the management and control are
exercised in the interest and for the
benefit of that other race. This is
what our people have in the main
done, and must continue in the fu-
ture in even greater degree to do,
in India, Egypt and the Philippines
alike. In the next place, as regards
every race, everywhere, at home or
abroad, we cannot afford to deviate
from the great rule of righteousness
which bids us treat each man on his
worth as a man. He must not be
sentimentally favored because he be-
longs to a given race; he must not
be given immunity in wrong-doing,
or permitted to cumber the ground,
or given other privileges which
would be denied to the vicious and
unfit among ourselves. On the other
hand, where he acts in a way which
would entitle him to respect and re-
ward if he were of our own stock,
he is just as much entitled to that
respect and reward if he comes of
another stock, even though that
other stock produces a much smaller
proportion of men of his type than
does our own. This has nothing to
do with social intermingling, with
what is called social equality. It has
to do merely with the question of
doing to each man and each woman
that elementary justice which will
permit him or her to gain from life
the reward which should always ac-
company thrift, sobriety, self-con-
trol, respect for the rights of others,
and hard and intelligent work to a
given end. To more than such just
treatment no man is entitled, and
less than such just treatment no
man should receive.

International.

The other type of duty is the in-
ternational duty, the duty owed by
one nation to another. I hold that
the laws of morality which should
govern individuals in their dealings
one with the other are just as bind-
ing concerning nations in their deal-
ings one with the other. The appli-
cation of the moral law must be dif-
ferent in the two cases, because in
one case it has, and in the other it
has not, the sanction of a civil law
with force behind it. The individual
can depend for his rights upon the
courts, which themselves derive their
force from the police power of the
state. The nation can depend upon
nothing of the kind; and therefore,
as things are now, it is the highest
duty of the most advanced and
freest people to keep themselves in
such a state of readiness as to for-
bid to any barbarism or despotism the
hope of arresting the progress of the
world by striking down the nations
that lead in that progress. It would
be foolish indeed to pay heed to the
unwise persons who desire disarm-
ament to be begun by the very peo-
ples who, of all others, should not
be left helpless before any possible
foe. But we must reprobate quite
as strongly both the leaders and the
peoples who practice, or encourage
or condone, aggression and seizure
by the strong at the expense of the
weak. We should tolerate lawless-
ness and wickedness neither by the
weak nor by the strong; and both
weak and strong we should in return
treat with scrupulous fairness. The
foreign policy of a great and self-
respecting country should be con-
ducted on exactly the same plane of
honor, of insistence upon one's own
rights and of respect for the rights
of others, as when a brave and hon-
orable man is dealing with his fel-
lows. Permit me to support this
statement out of my own experience.
For nearly eight years I was the
head of a great nation and charged
especially with the conduct of its
foreign policy; and during those
years I took no action with reference
to any other nation on the face of
the earth that I would not have felt
justified in taking as an individual
in dealing with other individuals.

I believe that we of the great civ-
ilized nations of today have a right
to feel that long careers of achieve-
ment lie before our several countries.
To each of us is vouchsafed the hon-
orable privilege of doing his part

association was reached at the white
house in a conference.

The railroads represented agreed
to the withdrawals of all rate in-
creases filed to be effective on or
after June 1, and agreed to file no
more increases until the bill in con-
gress, which gives the commerce
commission power to regulate and
suspend increases that are not just-
ified, becomes a law and goes into
effect.

Taft thereupon stated that the
administration's purpose in bringing
the injunction had been accom-
plished and that the suit would be
discontinued. The discontinuance
will not be entered until after the
new railroad law is signed.

The belief was expressed that all
the other roads which have filed in-
creases will abide by the decision
reached. Today President Taft will
hear the heads of the roads in the
central and eastern territory. It is
believed that they will acquiesce in
Taft's proposition.

Everyone at the conference seemed
gratified over the outcome. It means
that the roads will be relieved of
embarrassing litigation, and they are
assured of a "square deal" and are
free to go ahead with their projected
improvements, which they threat-
ened to cancel.

The new railroad bill contains a
clause which gives it effect 60 days
after being signed by the president.
It will be necessary to make a pro-
vision as to the supervision of rates
to the commerce commission in
effect and for this reason Taft in-
dicated that it will be necessary to
send the bill to conference.

Postal Bank Law.

Washington, June 7.—The house
postal savings bank bill was put on
the ways and means committee on
postoffice, and with everything
gratified for the final passage, it is
expected to glide through the house
without a single amendment. The
Democrats of the committee filed
two minority reports against the
bill, one by Moon, of Tennessee, de-
claring that all postal bank legisla-
tion is unconstitutional and unwise,
and another by Finley, of South Da-
kota, criticizing the Republican bill
and offering a Democratic substi-
tute.

The bill will be called in the
house today. The rules committee
will consider a resolution asking a
special rule with which to effect the
passage of the bill and providing
against all amendments.

The Democrats will fight the pas-
sage of this rule. It will be sup-
ported by a number of insurgent Re-
publicans. The Republicans claim
enough votes to adopt the rule and
pass the bill.

Among the many measures passed
by the house were bills authorizing
the appointment of a commission to
investigate the matter of the em-
ployers' liability and workmen's
compensation, and also admitting as
second class mail periodicals, publi-
cations, etc., of benevolent and frat-
ernal societies, institutions of learn-
ing, trades unions and professional,
literary, historical and scientific so-
cieties.

Conservation Program.

Washington, June 7.—The senate
voted, 40 to 24, to take up for con-
sideration the conservation bill au-
thorizing the president, at his dis-
cretion to withdraw from entry and
settlement public lands, thus side-
tracking the bill admitting New
Mexico and Arizona to statehood.

The Democrats showed an inclina-

tion to charge bad faith on the part
of the Republicans, saying that there
had been a tacit understanding to
consider the question of statehood
immediately after the railroad bill.
However, there is scant hope that
the statehood bill will be considered
at this session.

Many big appropriation bills re-
main and the statehood measure
looks like the last to be considered,
if it is acted upon at all.

Paynter on Rate Bill.

Washington, June 7.—Senator
Paynter was among those who voted
for the railroad bill. In doing so
he made a stirring speech in which
he pointed out ten important
changes in the interest of the public
that were made in the bill after it
was sent over to congress by the at-
torney general. He said:

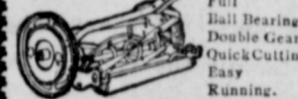

"As it was reported to the senate
it was an indefensible measure, one
that did not correct the evils which
resulted from the practices of the
railroads of the country, and to cor-
rect which the law in force was in-
adequate and inefficient. There was
a demand in the country that a law
be enacted that would protect ship-
pers, communities and the public
generally, against unjust and un-
reasonable rates.

"The bill as reported, had it be-
come a law, would not have afforded
the measure of relief demanded. As
a result a fierce and determined op-
position was made upon the bill by
the so-called progressive Republi-
cans and Democrats. This contest
continued until those in charge of
the bill seemed willing that the bill
should be amended and reformed,
which has been done, until the
author of it can find but little of
his handiwork left in it. It is a case
where the father could not recog-
nize, as it were, his own child."

A Surprise Wedding.

Mr. William Baker, a well known and well liked young man of this city, furnished his friends with a great surprise yesterday by slipping away and being married. He left on the 4 o'clock train for Lovelandville, the home of the bride, Miss Grace Lovelace, where the happy couple were quietly united. Miss Lovelace is a beautiful girl of the blond type and comes from one of the most prominent families of Ballard county. Mr. Baker is associated with Baker, Eekels & Co., wholesale grocers, and is one of the most competent young business men of the city. After a two weeks' stay in Chicago they will be at home to their friends at 300 North Eighth street.

Quiet Wedding at St. John's.

Miss Hallie Greif and Mr. Frank Kaufman, prominent young people of St. John's, were married quietly this morning at 9 o'clock at the St. John's Catholic church, the Rev. Father A. Rheinhardt officiating. Both are members of prominent families of the county and have a host of friends. The bride is the daughter of Mr. and Mrs. William Greif and an attractive young woman. Mr. Kaufman is the son of Mr. and Mrs. Joseph Kaufman and has many friends. Since January he has resided in Iowa, where he has located, and tomorrow Mr. and Mrs. Kaufman will leave for their new home.

Entertained Classmates.

Miss Pauline Hank, valedictorian of the class of June graduates, entertained her classmates very delightfully last evening with a spooning party. The house was beautifully decorated with roses, sweet peas and potted plants. One of the features of the evening was the drawing of souvenir spoons, to which there was tied with the class colors, a question to be answered before the whole party. During the evening light refreshments were served. The ice cream was moulded in the shape of a flower pot holding a yellow carnation, and the cakes were each tied with a yellow and black ribbon. The list of spooners included: Misses Margarette Marigold, Lorraine Southernland, Grace McGathery, Stella Anderson, Kathleen Garrow, Ruth McChesney, Clara Stewart, Nina Lee Savage, Martha Cope, Grace Hills, Mamie Puryear, Ora Pryor, Ellen Rutter, Virginia Mayes, of Princeton, and Miss Zeig, of Louisville; Messrs. Frank Young, Robert Mitchell, Reeves Elliott, McClain Mitchell, Paim King, Marvin Sills, Hugh B. Craig, Ward Brocking, Claude Eppelheimer, Will Kerk, Chester Kerth, Edward Gilson, Rabb Kirkland. Miss Hank was assisted in entertaining by Mr. and Mrs. Gus Hank, Miss May Hank, Miss Maggie Porteous, Miss Fanny Jones and Mr. Harry Hank.

Dodd Society Entertains.

The Dodd society of the First Baptist church delightfully entertained last night when the Baptist church headquarters, formerly the parsonage, was formally opened. A large number of guests called from 8 to 10 o'clock. The rooms were elaborately decorated in vines and daisies, carrying out a green and white color scheme. The following program was given: Piano duet—Misses Puryear. Vocal solo—Mrs. Lela Wade Lewis. Reading—Miss Rosa Thurman. Vocal solo—Mr. Clark. Vocal solo—Mrs. John Brooks. Vocal duet—Mrs. Clarence Krug and Miss Letha Puryear. Delightful refreshments, consisting of ices and wafers, were served after the program.

Paducahans to Visit Europe.

Mrs. Elizabeth Austin and Mrs. Lucy Robison Ford will leave this week to join a party of 16 persons and tour Europe this summer. The party will be conducted by the Rev. T. M. Hurst, of Sturgis, Ky. They will visit six of the principal countries of Europe and will see the Passion Play at Oberammergau. The party will call from New York June 15 on the American-Hamburg steamer, Pennsylvania, and will land at Hamburg. They will tour Germany, Switzerland, Italy, France, Holland, England and Scotland. They will sail in September for home from Liverpool, returning by way of Montreal, Toronto, and Detroit. Mrs. Austin will leave Sunday morning and will spend several days in Washington City on her way. Mrs. Ford leaves tonight for Richmond, Va., and will visit her sister, Mrs. William Glasgow, before joining the party in New York.

BROKE DOWN ENTIRELY

Mrs. Talbot Tells About Her Serious Experiences and How She Broke Down.

Lantz, W. V.—"It would be hard to tell," writes Mrs. Tebe Talbot, of this place, "how much I suffered. I had been troubled with womanly ailments for some time, and at last I broke down entirely. I had pains all over, and got so weak I could scarcely walk across the room. Then I wrote you, and thanks to Cardui, I began to improve right off. Now I do my own housework and am feeling well. God bless you and your medicine."

A strong endorsement, isn't it? Thousands of women have written to tell of the happy results they derived from this well-known remedy. You must believe that Cardui will help you, if it helped all these others.

Composed exclusively of pure vegetable materials, with a gentle, strengthening action on the system, Cardui is perfectly harmless to young and old and can be relied upon to have absolutely no bad after-effects.

It is, therefore, a natural medicine, which you can feel confidence in. A safe, harmless, vegetable remedy, of long known merit.

In Honor of Miss McNichols.

Miss Fred Paxton entertained the Mardi club very prettily this morning at 10 o'clock, in honor of the bride-to-be, Miss Mabel McNichols. The house was beautifully decorated with daisies and asparagus, ferns in profusion. After the cards had been removed and the prizes awarded, a delightful two-course luncheon was served. While at the table each girl in turn gave an impromptu toast to Miss McNichols. The first prize, a beautiful picture, was won by Miss Nell Shaw, the lone hand, a deck of cards, was won by Miss Elizabeth Boswell, and the visitor's prize, a dainty jabot, was won by Miss Florence Loebe.

U. D. C. Meeting.

The Paducah chapter, United Daughters of the Confederacy, met this afternoon at the Woman's club. The program is a delightful one. "The Girl I Left Behind" drawn by Miss Aileen and Mr. Harry Utterback. Miss Aileen is an accomplished pianist, and Master Harry excels as a drummer. Dixie and other southern airs were rendered by Miss Mary and Clark Bondurant and Mr. T. Conroy on the piano, violin and cornet. At the end of the program the hostess, Mrs. Roy McKinney, Mrs. Luke Russell and Miss Anna Sherrill Baird served frozen princess punch and wafers to all the ladies.

BOXING MATCH

Next Wednesday night a big program of boxing will be held by the Kentucky Athletic club at the auditorium rink. It is a program with some bouts that will satisfy the "fans." The feature will be a six-round bout between Doss Carroll, a well known athlete, and Young Hickory, a young scrapper who has won from everybody in his class. Sammie Goodman and Fred Simpson will do the gloves for several rounds of boxing. Both are clever mit artists. Between the colored boys, Charley Mitchell, lightweight champion of the city, will go six rounds with Bob Blanks, a well known colored boxer. As a curtain raiser there will be a battle royal between a bunch of young colored chaps.

Young Hickory is anxious to meet any white lad in the city at his weight, 118 pounds. It is probable that several bouts will be arranged for him in the near future.

S.S.S. CURES BLOOD POISON

Every symptom of Contagious Blood Poison suggests a deeply poisoned condition of the circulation. No portion of the body is free from its contaminating influence, and its blighting effects are even stamped on innocent childhood if the ancestral blood is not rid of the infection.

Contagious Blood Poison begins in an insignificant manner, usually the appearance of a tiny pimple or sore being the only outward evidence of its presence. But down deep in the blood the treacherous virus is at work and in a short time the victim finds himself affected from head to foot. The mouth and throat ulcerate, skin eruptions break out, sores and ulcers appear on the body, yellow blotches disfigure the skin, the glands of the groin swell, and often the hair and eyebrows come out.

The only possible way to cure Contagious Blood Poison is to remove the cause from the blood. Mercury, Potash, etc., are often used with the idea that such strong treatment will kill the germs and thus produce a cure; but this is a mistaken idea—THE GERMS CANNOT BE KILLED; THEY MUST BE REMOVED FROM THE CIRCULATION. This is proven by the fact that there are thousands who took the mineral treatment for months, or even years, and when it was left off found the poison was still in the blood.

The ability of S. S. S. to cure Contagious Blood Poison comes from its blood purifying properties. It goes into the circulation and REMOVES every trace of the poison, makes the blood pure and healthy, and leaves no dregs of the trouble to break out later on, or to be transmitted to innocent offspring. S. S. S. is made entirely of roots, herbs and barks, each of which has a direct and specific effect in purifying the blood. S. S. S. is Nature's blood purifier, scientific and sure in its action, and so valuable are its tonic effects that the entire system is left in fine physical condition. Home Treatment book sent free.

New York Writer Long Connected With Methodist Book Concern.

New York, June 7.—Stephen Van Rensselaer Ford, author, editor, composer and critic, a member of one of the oldest families in the central part of the state, died at his home here. He was 74 years old. Mr. Ford was connected with the Methodist book concern in an editorial capacity and had been assistant editor of the Methodist Review. He composed several battle hymns, which were sung by the Union army.

A widow, two daughters and a son survive him.

WHAT A SUMMER COLD MAY DO
A summer cold if neglected is just as apt to develop into bronchitis or pneumonia as at any other season. Do not neglect it. Take Foley's Honey and Tar promptly. It loosens the cough, soothes and heals the inflamed air passages, and expels the cold from the system.—Gilbert's Drug Store.

FOURTH OF JULY OUGHT TO BE SANE

NO FIREWORKS MAY BE USED IN CITY.

Will Boulevard Tenth Street Between Kentucky Avenue and Washington.

WORK IN MECHANICSBURG.

Owing to the certainty of a deficit in the city treasury at the end of this year the general council last night reconsidered its action of its previous meeting in ordering Mayor Smith to borrow sufficient money to open Tenth street from Kentucky avenue to Jackson street, and gave him instructions to purchase only one block, from Kentucky avenue to Washington street, at his own suggestion.

Mayor Smith was ordered to obtain options on the other three blocks to Jackson street, and if the prices are not satisfactory he will enter condemnation proceedings against the property owners.

Mayor Smith, seeing that the purchase of the entire streets this year would be an unnecessary expense, resulting in a big deficit, appeared before both boards last night, asking that the minutes of the last meeting be reconsidered. This action was taken and then the minutes adopted as corrected. Mayor Smith said the park commission has enough money on hand to park several blocks, but could not improve the new blocks this year. He recommended the purchase of one block getting options on the rest and including the options in the 1911 budget. Mr. W. B. Walters, a real estate man, who has been getting options, says the property owners are demanding more money than is just, and he said the best manner of procedure to buy the property for the other blocks would be to begin condemnation proceedings.

The Aldermen.

Owing to the narrow streets in Oak Grove cemetery, the city fathers decided to prohibit automobiles entering Oak Grove cemetery. The resolution from the council was introduced in the aldermen meeting. Alderman Stewart, who owns a large machine, was on his feet in a minute. He said that he was against the owners of gasoline carriages being deprived of the privilege extended to other carriages.

He doubted the validity of the resolution. On roll call it received first passage. When the motion to suspend the rules and give the resolution second passage, it failed. Therefore, before the resolution can become effective it will have to remain over until the next meeting. In the meantime a meeting of indignant auto owners may be held.

Streets in Mechanicsburg will receive more improvements. Last night a resolution for the construction of a retaining wall on Meyers street at the expense of the city was given two passages. The retaining wall is necessary to prevent the sidewalk sliding down an embankment. The resolution was guided by Alderman Will Farley, who had it introduced in the council, and then sent to the aldermen, it receiving favorable passages in both boards. The expense will be borne by the city because the cost will be 50 per cent of the assessment of the abutting property.

Alderman Farley made the motion which was carried, that the city engineer and the street committee ascertain the cost of Yeller avenue between Ashbrook and Hays avenues. The street is narrow, and the citizens want it widened. Straightening out and improving the streets in Mechanicsburg is a hobby with Alderman Farley, and now he has a long list of streets down for improvement.

A resolution from the council for the improvement of Meyers street between Clements street and Farley place by the construction of concrete sidewalks was amended so as to include only the west side. Alderman Farley explained that there are mills on the east side and the walk is not necessary. Two passages were given the resolution.

A Sane Fourth.

National holidays will be dull for the youngsters hereafter. Last night second and final passage was given the anti-fire works ordinance. The ordinance prohibits the sale and use of fire crackers or fireworks. Any pyrotechnical display must be under the supervision of the police and fire departments, and only after a permit has been granted for a competent man to be in charge. The ordinance will go into effect as soon as the official publication is made, and will be in time to prevent the youngsters celebrating the Fourth of July in the usual noisy way. Alderman Van Meter declined to vote and was granted that privilege by a special vote. He said that copies of the ordinance had not been distributed, and he was not familiar with the ordinance.

Another building ordinance will be brought in, as Alderman Lackey made the motion that the fire committee bring in a new ordinance. Several building ordinances have been

brought in during the past few years, but they have all died in the pigeon hole. He explained the purpose was to secure the ordinance so that a lower fire insurance rate could be secured.

It was ordered that the lower cage on the elevator in the city hall be removed. It is considered dangerous, and is not necessary.

A motion from the council that a retaining wall on Meyers street be constructed at the cost of the city was carried.

Mayor Smith was authorized to borrow any amount of money necessary to meet the obligations of the city until June.

Alderman Potter made a motion that an ordinance be brought in for the improvement of Fourteenth street between Madison and Clay streets. It was ordered referred to the street committee.

The city clerk was instructed to grant a deed to a lot in Oak Grove cemetery for \$45.

Part of the lot in Oak Grove cemetery of Benjamin Megard to J. H. Lerner was ratified.

Nance & Rogers were ordered refunded \$5, the difference in moving a body from a public lot to a private lot.

The monthly report of Chief of Police Singery was received and filed. The report showed \$795.55 collected; \$309.25 repaid and \$41 on hand for collection.

Leibel & Yopp were granted a retail liquor license at 1034 South Tenth street. The National Surety company was given as surety. Sam Bryant was granted a retail liquor license at 424 Norton street, with the National Surety company as surety.

The report of Dr. R. B. Fisher, meat, milk and livestock inspector, was received and filed.

The report of the finance committee for the employment of an assistant in the auditor's office and an assistant in the treasurer's office at a salary of \$40 each, was adopted, owing to the extra work occasioned by the public improvements on the bond issue plan.

It was ordered that the city purchase 14 new city directories at a cost of \$50. Alderman Potter opposed the purchase of the number of directories and wanted it made smaller.

The 1908 tax bills were ordered turned over to B. M. Philley, city back tax collector, for collection.

The report of City Treasurer Geo. Walters and City Auditor Alex Kirkland was received and filed.

The report of the finance committee was read, received and filed.

Before new business was taken up the aldermen took a recess of ten minutes, waiting on the lower board. The minutes of the last meeting were read, approved and signed.

The entire board was present. Those present were: Aldermen Hannan, Farley, Hank, Lackey, Oehl-schlaeger, Potter, Stewart and Van Meter.

THE COUNCIL.

On recommendation of the joint finance committee Mayor James P. Smith was authorized to borrow enough money to meet the June payrolls and expenses.

The regular semi-monthly payrolls and accounts were allowed, as follows:

Councilmen	\$ 72.00
Aldermen	48.00
Committee clerks	41.65
Executive officers	1,060.00
Police and fire com'rs.	1,664.40
Board of public works	54.99
Board of review	300.00
Streets	3,057.19

Refund property tax	31.10
Mayor's orders	730.17
City Nat'l Bank, interest	1,010.00
Total	\$15,778.56

Miscellaneous.

The joint finance committee recommended the purchase of 14 city directories at a contract price of \$50. Ratified.

It was ordered that the 1909 back tax bills be turned over to Back Tax Collector B. M. Philley.

The regular monthly report of the city treasurer and auditor for May, showing a balance of \$6,982.18 in the treasury, was received and filed.

Two New Clerks.

The finance committee recommended assistants for the city treasurer and city auditor, to receive \$40 per month in view of the fact that the coming street improvements will necessitate much extra work. Action concurred in.

Seventeen residents on Sixteenth street between Broadway and Trimble street sent in a petition protesting against the proposed sidewalk improvements because of the lack of storm water drainage and their financial condition. Request voted down by a vote of 8 to 3.

The board of public works was ordered to get sealed bids for a new engine for the city electric lighting plant, Tenth and Madison streets.

The monthly report of Chief of Police Henry Singery, showing the collections amounting to \$795.55; amount repaid, \$325, and the amount on hand for collection \$41, was received and filed.

GRAIN UNSTEADY
IN CHICAGO PIT

SHARP FLUCTUATIONS ARE TO BE EXPECTED.

Situation in Europe Has Depressing Effect—Wheat Sales Few.

SLIGHT ADVANCE IN CORN

Chicago, June 7.—With the concentrated holdings of May and September wheat out of the way, traders in wheat last week turned their attention to conditions affecting the new crop and the situation abroad. For several weeks these factors had been practically ignored, but during the week just closed speculators again took cognizance of these influences. The market is still influenced, however, by any marked buying or selling on the part of the big professionals who are enabled to swing values to suit themselves. Trade was not large in any of the pits last week, but spasmodic, and prices at all times uncertain. Although prices covered a fairly wide range, net changes at the end of the week were slight.

The demand for cash wheat from millers was quite liberal early in the week, but later fell off considerably. Friends of T. H. Waterman claimed he had sold practically all of the wheat that had been delivered to him during the last month. Tuesday and Wednesday the milling demand was much more healthy than anything that has preceded it, as it was for small lots from quite a number of small and medium-sized millers. A large proportion of the wheat previously sold was to milling and distributing interests, part of which might have been on speculation.

Expect Fluctuations.
It is now the consensus of opinion among wheat traders that sharp fluctuations are to be expected right along. Bulls say they prefer to buy on all good breaks. The Armour interests continue of a bullish frame of mind and favor sales on bulges. Their view of the market is that the milling demand has been satisfied and there is nothing in the situation either of a financial or a commercial standpoint to give permanence to bulges. Bears and large shorts who have wheat sold at high prices are still standing pat on big profits. It is said that the only fear of an advance for the immediate future is from unfavorable weather in the northwest.

Traders last week had an opportunity to note the difference between an Armour-Lichstein and a Patten market. When Patten is campaigning on the bull side he sticks there and does not churning up and down. The operators generally feel safe in buying on breaks. In the last few days the misleading strength that the market had shown caused the crowd to get long on bulges and short on breaks and they have been badly whipped.

Force Shorts to Cover.

A good example of the churning market was seen on Thursday, when an early victory for the bulls was turned into a crushing defeat at the last. Following the liquidation of a big short interest came a slump which disclosed the utter poverty of the support. There were indications that the cash wheat demand had been well supplied as was also that from speculative shorts. Early influences were decidedly bullish and most of the later reports were exactly the reverse. Cold weather, with temperature down to freezing in the Canadian northwest and near the frost line in the spring-wheat states this side, almost sensational strength in corn, a bullish French crop report, reports of congestion in July wheat and claims of Hessian fly in Ohio wheat fields were all used with telling effect in forcing shorts to cover.

Announcement from Winnipeg that a reputable authority had estimated increases of 10 to 35 per cent in the acreage seeded to spring wheat in Canada started a wave of selling later. There were also estimates.

HERRICK HIGH GRADE REFRIGERATORS
Perfect Circulation.

You Should Know What
You Are Getting When
You Buy a
REFRIGERATOR

We do not ask you to buy a refrigerator on our recommendation, as most dealers do. We only ask

that you let us place a HERRICK REFRIGERATOR in your home, and let you decide for yourself whether it is as we represent, BEFORE YOU PAY; in this way you take no risk whatever. Isn't this fair enough to try?

Now, is it not plain to you that if we did not know, positively, that the HERRICK REFRIGERATOR would do just what we represent it to do, we could not afford to make you this proposition?

Put a plate of salt in your refrigerator (salt absorbs moisture you know) if the salt is wet tomorrow the refrigerator is dangerous. In the ordinary zinc lined refrigerator the air does not circulate properly; dampness accumulates and food becomes tainted and infected with putrid germs. Your safety lies in the purchase of a REFRIGERATOR that is guaranteed—THE HERRICK.

The water cooling device in the Herrick Refrigerator cannot be equaled. The water tank, as you will see from the cut, is attached either from the top or side of the refrigerator and is on the outside. The water passes from this tank through a coil on which the ice rests, and is drawn from the faucet at the side of the refrigerator, ice cold. The water does not come in contact with the ice at all, therefore, it is not tainted with ammonia as water usually is when the ice is put in the water.

AIR SHIP FLIGHTS DAILY AT NASHVILLE'S TOURNAMENT

America's Most Daring Aviator, Charles K. Hamilton, Part of Each Day's Sensational Program Features

The First and Probably the Only U. S. Army Tournament Ever to be Held in the South—June 19th to 26th

A HUNDRED and sixty miles in an airplane is "going some"—and that's just what Charles K. Hamilton, holder of "six world's records," has done—one is the long-distance record and two other notable ones are for "quick starting" and for "starting within the smallest area of ground." Not content with a record as notable as this, he will go after the *New York World's* \$10,000 prize, which is for flying from New York to Albany, of the same state, without stopping—a distance of over 100 miles.

It isn't possible for all of us to go to New York and see the world's record broken again, but every citizen of this community will be given the great opportunity of seeing his famous machine at the United States Tournament, to be held in Nashville in June. During these flights he will take volunteer citizens with him, and has made the request for some lady to accompany him on one of the days, guaranteeing to give her a joy ride above the tree tops and to land her perfectly safe.

Either the airship flights or the military exhibition alone is quite a marvelous feature—and the wonderful combination of the two appearing at the same time, neither of which is likely to ever be repeated in this section of the country, makes the Tournament occasion loom up as the largest and most important once-in-a-lifetime event that the public has ever had the opportunity to witness.

Recognizing the unequalled interest that is being manifested in this Government Tournament, every railroad is now publishing notices of its reduced rates, which have been placed at the extra low reduction of Round-trip Tickets for the price of One-Way Fares plus 25c. Who's staying at Home?—NOBODY!

FAST BALL GAME

STOPPED AND PARAPHERNALIA CONFISCATED.

Police Had Orders to Put End to Disturbance By the Rooters.

Patrolman John Hessian raided a negro baseball game on the commons at Sixth and Husbands streets at 2:30 o'clock yesterday afternoon and confiscated all of the baseball paraphernalia, consisting of four bats, a catcher's mit, several gloves and a mask. They were turned over to Chief of Police Singery. Instructions have been given patrolmen to stop all ball games, owing to the complaints of residents, who are the victims of broken windows and a lot of unnecessary disturbance. A hot game was in progress at Sixth and Husbands and all told there were about 200 negro fans out to see it. When Mr. Hessian headed for the field every one fled and the grounds were clear in less than two minutes. The owners of the baseball outfit were given a sound lecture by City Judge Cross this morning and their property returned on condition they do not play ball there in the future.

News of Theatres

The highest class bill that has been presented at the Kentucky theater since the opening of the summer family vaudeville season, opened yesterday afternoon and will continue until tomorrow night. Packed houses saw it last night and it was more than evident that they appreciated every act. The opening act is given by Felding and Carlo, roller skating champions, whose fancy skating and "Merry Widow" waltz on skates brought forth much applause. They carry their special scenery and have elegant costumes rarely seen in vaudeville work. Both are clever and perfectly at home on rollers. Art Adair, billed as the original "Hank Spauld," is as comical as he is surprisingly clever and is a good all around musician. He performs one difficult feat of balancing himself on his head on the head of a "dummy" and playing a tune on a clarinet. He is an excellent cornetist and crack drummer and has new jokes to tell.

The feature act is the Still City quartet, which just closed a several weeks' engagement at the American Music hall in New Orleans, coming directly here. They go to Chicago from Paducah. They carry special scenery and melody itself. A burlesque on a baseball game is a novelty hit. Their songs are all good. Miss Birdie Lewin has two good songs this week. This is her farewell week.

The Caravan Circus.

Those who attended Luigi's caravan circus at Wallace park last night enjoyed to the fullest the novelty of the old-time one-ring wagon circus. The troupe camps on the ground by

TEN YEARS' TEST OF ECZEMA CURE.

After ten years' test, oil of wintergreen, as compounded in D. D. D. Prescription, has so thoroughly, so absolutely proven its merit for skin diseases, that we have arranged with the D. D. D. Laboratories of Chicago for a special offer on a 25-cent trial bottle.

We ourselves became convinced years ago. Cure after cure and the testimony of the world's leading skin specialists showed us that the way to cure the skin is through the skin, not, however, by means of a salve which always clogs the outer skin, but with a penetrating liquid that gets to the inner skin, killing the germ while soothing the healthy tissue.

The Oil of Wintergreen Compound, D. D. D. Prescription, penetrates while soothing the skin; and a 25-cent bottle—a good sized trial bottle—is now offered, besides the \$1 bottle, in order to convince everybody. For this trial bottle ought to be enough to show the way to the cure, and at any rate the liquid the instant it is applied will take away that itch—yes, just as soon as the wash is applied, the skin is soothed and refreshed. the "big top," and the horses browse around the lot. The clown in motley does his "stunt" between each two acts, and the "grand concert," that ordinarily crowns the performance of the modern three-ring railroad show, was interspersed throughout the performance. Trained horses and trained dogs, ground and lofty tumbling, all sorts of acrobatic feats and trapeze and ring acts made up the performance, which was well executed. All the old-fashioned features are retained. The show will be at the park two days.

At the Star.

Mabel Elaine, who is doing a singing and dancing turn at the Star, can twist her pretty face into more remarkable expressions, than any other comedienne who has been seen on the local stage, and she doesn't mind how it looks, so she gets a laugh, which she always does. The Juenettes, gymnasts and balancers, perform some unique feats with unusual style. The whole bill is good.

Livestock.

Louisville, Ky., June 7.—The receipts of sheep and lambs were 4,226 head, as against 2,459 Monday, 12,627 a year ago and 5,081 two years ago. There were a number of new buyers in the field today, and the market ruled active. Prime lambs were in good demand, the bulk of the best here changing hands around \$9.15, while some choice or fancy lambs could have been easily sold at a higher price, the average quality of today's offerings not being extra good. Seconds were \$6.25 to \$6.85; culls 5@6c. Fat sheep were firm and higher, the best 4½@5c. Common and medium sheep very dull. The lamb buyers were unable to get as many good lambs as they wanted today, and indications point toward an exceptionally good demand through the week.

Hogs.

Receipts light—1,465 head. The market opened early, with prices steady at Saturday's decline. The best hogs, 90 pounds and up, selling at \$9.15; light pigs, \$8.15; roughs,

Mi-o-na stomach tablets are guaranteed to cure indigestion and all stomach ills or money back.

"I have been troubled with my stomach for two years. I tried everything I heard of. Mi-o-na stomach tablets did me more than \$25.00 worth of good. They are the best in the world."—Dennis Stephenson, Coudersport, Pa., Feb. 1, 1910.

Fifty cents for a large box of Mi-o-na at druggists everywhere, and at Gilbert's drug store, who guarantees them.

\$8.45 down. The pens were well cleared and the market closed steady.

Cattle.

Receipts 1,226 head, there was a good crowd of local traders and butchers on the yards this morning, as well as some out-of-town buyers; reports from other markets were of a more favorable character, and the general tone of the market showed some improvement, especially on the better kinds of cattle. Handy butcher cattle were scarce ready sale, and most 10@15c higher, medium and inferior kinds (including grassers) were dull at steady prices. The feed and stocker market was quiet and unchanged, prices just about steady, fair demand for the best grades. Good bulls steady, common bulls and canners dull. Milch cows unchanged. No prime export cattle here, feeling steady; several loads of slop cattle on the market and they changed hands at an advance of 13@15c over last week's figures.

Calves.

Receipts 115 head, the market ruled about steady the best 7½@8c, some fancy higher, medium 5½@7½c, common 2½@5½c. St. Louis—Cattle—Receipts 7,000 market steady; native beef steers \$6@8.40; calves in carload lots \$4.25@8.25. Hogs—Receipts 7,000; market weak to 5c lower; pigs and lights \$8.75@9.20; packers \$9.10@9.35; butchers and best heavy \$9.20@9.35. Sheep—Receipts 4,500; market was steady; native muttons \$4@5; lambs \$7.50@9.40.

The Conservation of Nature's Resources

Applies as well to our physical state as to material things. C. J. Budlong, Washington, R. I., realized his condition, and took warning before it was too late. He says: "I suffered severely from kidney trouble, the disease being hereditary in our family. I have taken four bottles of Foley's Kidney Remedy, and now consider myself thoroughly cured. This should be a warning to all not to neglect taking Foley's Kidney Remedy until it is too late."—Gilbert's Drug Store.

AUTOMOBILISTS! Have You Ever Tried VARN-O-WAX?

It's the best you ever saw for renewing the finish of all varnished and enameled surfaces. It's not a varnish, mind you, but a liquid which cleans and polishes and produces a hard, bright piano finish which can not be marred or marked up. Dust can't stick to it, muddy water can't deface it.

Get a small can and try it; the 25c experiment will astound and delight you.

Look at the Companies Behind Your Fire Insurance

A few weeks ago, in a very nearby town, one of the most prominent merchants lost his entire stock of goods by fire. He was fully insured, he thought.

When time for settlement came however, he found the one company in which he had the biggest insurance, was insolvent, BROKE, and the loss wiped the merchant out of business.
